- Optimal strategy is to invest in low-risk assets and assets with manageable risk of drawdown and average return (GO Invest guarantees a full return on invested assets but cannot guarantee a full return on the reported amount of profit, due to manageable risk); (GO Invest guarantees a full return on invested assets but cannot guarantee a full return on invested assets due to manageable risk);
- Aggressive strategy is investing in high-risk assets with high returns. (GO Invest does NOT guarantee a full return on investment, as well as the income received).

The profitability of each strategy is published on the GO Invest website (<https://app.goinv.io/>).
